Student Congress Is Urged To Disband; Raleigh Lane Asserts 'Congress Not Dead'

Citizens' Committee Advocates Complete Reorganization Of SC

By BH.I. GRANT, Kernel Staff Writer

A "citizens' committee" has recommended the abandonment of the present Student Congress and its constitution.

The committee's resolution followed a meeting of Student Congress Tuesday night at which a quorum was not reached for the fourth straight time.

When Student Congress President Raleigh Lane adjourned the meeting for lack of a quorum, Jackie F. Robinson, a congress member and chairman of the elections committee, called for all students Interested "in discussing the tate of Student Congress" to remain.

According to Robinson, about 48 persons, not all of whom were Student Congress members, remained for the meeting.

The group quickly elected Robinson as its temporary chairman and he in turn named Lockie Overby as temporary secretary. She is also the secretary of Student Congress.

In an opening statement to the group, Robinson said it was an open meeting and anything pertinent to the fate of Student Congress would be discussed.

He reminded those present that the group was just "a committee of citizens interested in Student Congress" and that it could have no official status

Cliff Holliday and Gene Sayre, in speaking to the group, agreed that the Student Congress constitution needed to be amended or redone entirely. They agreed that the congress needed to be re-

Sayre pleaded for a new constitution entirely. Holliday said he felt an adequate reorganization job could be done with amendments to the present constitution.

Bill Jones told the committee he felt everyone there was interested in the creation of a workable congress.

"I feel that up to now we have not served our purpose as a congress," he said.

Jones called for "a revamped organization and new elections next fall." Jones said, "I don't feel that an election should be held this spring.

This attitude against spring elections was expressed by almost everyone present. Sayre said congress was still influenced by "the petty rivalries" of the past.

Bill Kenton, a congress member, called for the two nominees for the presidency of Student Congress to express themselves. Keith Burchett and Jim Pitts, nominated to run for Student Congress $% \left(1\right) =\left\{ 1\right\} =$ president in an election which had been scheduled for April 30, were both present at the meeting of the "citizens' committee.

Burchett said, "If we could not get a quorum for four straight meetings, it's absurd to try again. Student Congress members have expressed themselves; there can be no elections this spring."

He pleaded that SC policies be continued even if the congress was disbanded.

Pitts said, "I fought hard for spring elections since I felt it essential to Student Congress, especially next year', congress

He also said that, "No spring election wall rule out the possi-

bility of an effective congress for the fall." Pitts pointed out that at least three other meetings were being held that conflicted with the S'udent Congress meeting.

Savre then introduced the following resolution:

"This committee goes on record favoling the dissolution of Student Congress and its constitution. We propose that a sevenmember faculty committee composed of the dean of men, the fraternity adviser, the director of the men's residence halls, the dean of women, the sorority adviser, the director of the women's residence halls, and the assistant dean of the College of Arts and Sciences get together with interested students as soon as possible next fall to prepare a new and effective governing body."

This motion was amended on a motion by Bradley Switzer that the committee begin work "as soon as possible" and that it not wait

The motion earried with no opposition and Robinson promised that he would see that each of the people named in the motion was informed of it.

Lane had refused to call the meeting after the third failure but a petition was started by Kenton to force Lane to call a new meeting under a provision in the congress constitution that says a petition of 10 members is sufficient to call a meeting of congress.

At the last count before adjournment, 47 congress members were present at the meeting. A dispute then arose over the number actually required for a quorum.

Lane originally said that 56 were required. The secretary said that several members had dropped out and Lane dropped the number necessary to 54.

Lane was then asked if the congress rolls had been purged of those who failed to make their grades at the end of the first semester. They had not been purged and Lane was accused by some members of not fulfilling his responsibility.

At this point Lane admitted that "the actual number that com-

Dave Graham, chairman of the Judicial Committee, interpreted the

poses a quorum is in question. Dr. Gifford Blyton, congress parliamentarian, was not present

constitution for the meeting

Pre-Advising Schedules Set By Colleges

Students in the Colleges of Arts and Sciences, Engineering, and Agriculture and Home Economics should see their advisers to plan their schedules for the fall semester May 6-13.

The College of Commerce will also hold pre-advising May 6-18 and any student transferring to another college should see their adviser this week. Students who pre-advise and who have at least 90 hours at the end of this semester will be permitted to come to the campus on designated days in July to pick up class tickets and register in the classes on their .chedule.

The College of Education has scheduled pre-advising from May

Graduate School has scheduled pre-advising from May 13-18.

All students who expect to return to the University in September are urged to see their adviser and fill out the brown protrain summary card.

SC President To Appoint Committee To 'Completely Revise' Constitution

By CARL MODECKI, Kernel Daily Editor

Student Congress President Raleigh Lane, in a statement issued yesterday, said he felt "Student Congress is not dead . . . but will continue to function on a higher plane of participation than before."

In an attempt to strengthen the Congress, Lane said, he is going to appoint a committee to work this summer with Dr. Gitford Blyton, parliamentarian of SC, so that a "completely revised constitution will be ready for ratification if the new fall assembly so desires.

The SC president also assailed implications that state politics have been brought into the SC elections.

In referring to a full page political advertisement appearing in the May 1 issue of the Kernel, Lane said, "I was advised in advance of the content of the political advertisement that appeared in the Kernel. I approved the ad, but I specifically requested that the disclaimer at the bottom be included in that ad. I did not intend to thereby use the office of Student Congress president for any political purposes."

"I do no more attempt to speak for the entire SC assembly than does Dave Graham, chairman of the J (Judicial) Board, purport to speak for all of the J Board members, or Ann Combs purport to speak for all the female students, even though they have all en-dorsed certain candidates. This idea of my speaking for all the SC members was a political maneuver by a group of rabble rousers."

Lane's statement also hit at Bill Kenton, State Director of Planning and Activities, Collegians for Chandler, and a senior political science major. The SC president said that if any political implications were brought into the campaign, it was Kenton and his followers who did so.

In a second attack on Kenton, Lane accused him of showing great interest in the SC elections when he had previously failed to show interest in a constitutional revision committee to which he was appointed at the beginning of the year.

Speaking on the failure of SC to obtain a quorum for the fourth time Tuesday night. Lone said, "The elections now will be held in the fall as they have been done for so many years and the officers will be elected from the assembly. By putting the election back in the assembly you would defeat any officers being elected by uninterested

Commenting on the charges that state politics have been brought into the SC elections, he said, "Unless Mr. Kenton and his followers have done so, there are no political implications or reflections upon the $\boldsymbol{c} \mathrm{and} \mathrm{id} \mathrm{ates}$ for $\boldsymbol{s} \boldsymbol{c}$ officers. .

The attempt to purge the rolls of students who do not have 3 2.3 overall brought a sharp rebuke from Lane, "If they had been interested enough to check, they would have found that the assembly members only have to make a 2.3 standing when they are elected, not every semester. This sugge tion of theirs was nothing more than grasping for small issues to further their personal in-

His belief that the failure to obtain a quorum at four different meetings suggests three things:

Sullivan Medallions To Be Awarded

Annual Honors Day Scheduled

sity can confer upon its undergraduates, the Algernon Sydney Sullivan Medallions, will be presented today to two members of this year's graduating class

Pre-entation of the medallions by President Frank G. Dickey will climax the University's 19th annual Honors Day program, which is set for 3:30 p.m. at Memerial Hall.

The ceremony also will bring special recognition to 250 stu-dents in nine UK colleges and four University centers. All rank in the top three percent of their respective groups.

The program's principal address will be given by Dr. Albert S. Levy, associate professor of education, winner of the UK Alumni Association's 1963 "Distinguished Teacher Award."

Sullivan Medalhons are awarded annually for "possession of such characteristics of heart. mind, and conduct as evidence a spirit of love for and helpfulness to other men and women."

The 250 students to be honored for excellence in scholarship in-

SC 1962-63—'Finis'

By all present indications, there will be no Student Congress election this spring. The fourth consecutive failure to draw a quorum at Treesday's meeting leads us to believe that due to various and sundry motives, the majority of congress members do not feel it in their best interest or that of the student body for the election to be held at this time.

We do not believe it is for us to question the merit or consequences of such a decision at this time. However, we can, and do, question the activities surrounding the on-again-off-again election, as well as other SC activities, or lack thereof recently.

These recent weeks should have been used for either a spring election and the breaking in of the newly elected officers, or if this is constitutionally impossible, as it seemingly is, toward planning for the fall election and installation of officers.

Instead, these weeks have been used to thwart attempts in either direction. A conscious effort has been made toward keeping members away from recent meetings called for the purpose of nominating candidates or suspending the by-laws and allowing those candidates already nominated, to stand for election. Motives for this action vary. The main one, however, is related to a dissatisfaction by certain groups with the two candidates nominated at the constitutionally questionable meeting of April 18.

It is felt that if the election were to be held this spring. Jim Pitts would win by an overwhelming margin. However, without a quorum being present at an SC meeting, the by-laws cannot be suspended and the election cannot be held.

It is the preogative of each elected number of SC to attend or refrain-

from attending any meeting. Realizing this, we, at the same time, cannot but help questioning just how adequately these members are representing those by whom they were elected. It seems to us they have some sort of obligation to at least vote against issues with which they disagree.

These members are not even doing this, and by virtue of this failure, we question their competency for membership in the SC assembly.

Nevertheless, this now seems to be only a matter for the record, for the curtain for another year's SC is rapidly being lowered. This year's congress has done as good a job as has any other in the organization's history. It is only to our chagrin that events of the past few weeks have offset this performance.

What the overall repercussions of these events will be we cannot foretell. Neither can we foresee the possible permanent damage which may have been done to the congress. One fact of which we are certain is that the already blurred image of SC has been further tarnished.

We cannot find it within ourselves to weep at the passing of this issue and we feel there are many who find themselves in accord with us. The whole issue has grown out of proportion to the point that SC has become a political playground for numerous campus politicos.

Although there are some obvious benefits to having a spring SC election, we feel that under the present conditions, it is best for all concerned that the elections not be held until the fall.

It is highly possible that these recent events are only the first step toward the downtall of an organization which for a number of years has had only questionable merit.

National Integrity

Every day the nations press informs the public of graft, bribery and corruption in government. Most Amerteans read these stories, privately condemn such actions and continue to condone minor acts of dishonesty which slowly crode our national integrity.

The individual citizen seldom stops to think that he has contributed indirectly to dishonest acts that gain national attention. He glances at his rearview mirror and eases the reading on his speedometer 15 to 20 miles per hour beyond the legal speed limit. If caught, he resorts to excuses, petty bribery or coercion in an attempt to escape punishment. Americans steal millions of dollars each year from their employers either in each or materials.

They do this without seeming to have any qualities about being thieves. Their childern are aware of these acts and early in life adopt the same moral standards. The parents even contribute to delinquent acts of their childern by offering the excuse that childern will be children. This lack of punishment instills a fidse sense of right and wrong which is carried into adult life and so the cycle continues.

It appears that Americans have developed a standard of honesty which permits and even encourages theft from government, industry or any other organization lacking indidual indentity. The end result of this public attitude is recorded repeatedly in the history of immoral or moral civilization—destruction.

LETTERS TO THE EDITOR

Senior Requests Tree

To The Editor:

Even the most mobservant student can see that the senior tree to be planted by a representative of the A&S senior class of 1963, namely. Richard Wallace—is, as yet, not in existance.

As a member of this never-to-be forgotten class of 1963, I feel interpresented in leaving behind a living, growing, beauteous contribution to this, our great University.

Surely, Mr. Wallace, you won't fail us! Certainly, you must have made extensive plans concerning the planting of this memorial, but why have you not fulfilled the obligation the A&S seniors have bestowed upon you?

To summarize:

DIG, DICK!

Ann Todd Jeffries A&S Scuiot

Thinks LKD Can Improve

To The Editor:

Concerning the editorial in the May 2, edition of the Kernel about the Little Kentucky Derby. I too think it can be improved., Iowa State University has such a weekend the first or second week of May called Veishea (composed of the first letter of each college on campus) similar to ours. School is dismissed at 12 noon on Thursday. That night, the hig name band has its concert. Friday and Saturday, the races are 100 (walking, canoc, tug-of-wars, bicycle); and cach night, the big name bed gives a dance. Beth Friday and Saturday night's dances are called 'Stars Over

I am not suggesting that we copy Iowa State, or that we distaiss school at noon on Thursday of the LKD. I do think that we can and should improve our own weekend.

Need Federal Aid Says Economist

Catholic Colleges In Financial Trouble

College Press Service

SAN FRANCISCO—Catholic colleges in the United States are in bad financial shape and need federal aid to keep them from serious "deterioration." Seymour E. Harris, one of the nation's leading economists, said recently.

Harris, Littaner Professor of Political Economy at Harvard and an expert on the financing of higher educatoin, warned in the May issue of Ramparts. the National Catholic Journal, that the fiscal ills of American Catholic colleges are becoming "increasingly serious."

The comparatively "low resources" of Catholic Institutions of Higher Learning put them at a great disalvantage to other private and large public universities, said the Harvarl professor, who also has served the Federal Government at high levels.

Educational expenditures in Cathelic colleges average about 8650 per student, compared to some \$1,330 per student in other colleges, he said.

The Catholic colleges need federal

help, Harris said, because "it is not possible to turn out a well-trained college student" with their presently dwindling economic resources.

And if such help is not forthcoming, quickly, the growing number of Catholics of college age will look to the public universities—with the "cost burden" shifting to them, the economist predicted.

The nation's 250 Catholic colleges and universities have an enrollment of 300,000 students—and the government should not allow their spotty economic status to deteriorate further. Harris wrote in Ramparts, a National Catholic magazine published in the San Francisco suburb of Medo Laik.

Harris, Illitor of the "flexion of the nomes and Statistics," has written several books on the financed prolleros of higher education to the United States. He is considered a ranking expert in the field.

He said that, on the whole, "standards are low" in Catholic colleges because they "are not doing as well"

as other private institutions in balancing increased income against the rise in enrollment.

In a recent period of 23 years current income in Ivy League colleges increased eight times the curollment; in six large private universities about 33 times; in women's colleges 173 times—but in Catholic colleges, only four times the curollment, he said.

Catholic institutions' endowment per student is "very low" in relation to other private colleges, and the faculty salaries in Catholic schools are some 13 percent lower than in non-Catholic universities.

The Catholic colleges are also hart imancially because a great amount of the poncy available for Catholic phylanthropy goes to parchial elementary and secondary schools, and other church-sponsored institutions, he said.

And a great money-saver to the Catholic schools, the gratis teaching services of priests and nums, is also on the decline, from 47 percent of the

average faculty in 1959, to 38 percent today, the economist said.

The larger government contributions made to public universities, Harris said, the "more difficult" become the problems of Catholic schools which must compete against the subsidized institutions by keeping tuition down, and losing badly needed money for research and expansion.

"Catholic institution without large resources for example the University of Santa Clara in California, are of course seriously embarrassed by the very severe present and even greater petential contest from of the public estetutions." For the University of California in noting Berkeley, he seed.

Exhibition that it Catholocolleges is increasing taster than policie schools, and the generally in terfinanced Catholic institutions would be able to continue carrying their share of the nations college load it they don't get some Federal aid, he said.

"They say every comedian wants to play Shake-peare but I had the distinction of being the nly comedian Shakespeare talked about! His "All the world's a case" could only have been a sly reference to my extensive journeys in search of a captive udience as set down in this book. It's all been one stage, all right, whether the setting was an aircraft carrier in the Bay of Naples or a snowbank in Thule, Greenland, or the well-'busged' hall in our Embassy in Moscow, because the producer and director was al-Uncle Sam. I wen't work for anyone else.

The unite j - : Bet H ; the reads is sufficient for the red of the first state in the first the first property for the first the first property for the first state in the first state i have been adopted by NBC Such slick personalities as Hodda H pper. Jayne Mansheld, Jerry Cohina, and Ginger Robers are saturized, characterized and 2 % siped about as Hope describes the various unoidents which o cared during the tours.

Speaking of one show done in Alaska Hope writes of Jayne Mansheld, "There's never a dull moment with Mansfield up in the II she bows, she could start an avalanche Or, stage one day I asked the audience. "Would you like to hear Jayne sing?" and a GI shouted "I'd like to see her breathe." That kid should have been commissioned in the field."

Talking about Hedda Hopper comments: "At this point I would like to deny a rumor that Hedda Hopper asked the captain it the ship could be turned around so that the sunlight would create a halo effect in her hair. Hedda never pulls rank. What she did ask was if the island could be turned around."

Pulitzer Awards Given; Drama Causes Controversy

NEW YORK. (AP)="The Roivers," a lighthearted novel of the South which was the final work of William Faulkher before his death last year, has been awarded the 1963 Pulitzer Prize for fiction.

For the first time in more than a decade, there was no award made this year for a drama, a move that prompted the resignations of two members of the Pulitzer Prize drama jury-carac and author John Maon Brown and John Gassner, critic. Yale University professor and theater

They have made a first !! of the drama award E. w.

NETTER GETS TENNIS GRANT TO KENTUCKY

Alan Schumann, ne ci the brightest prospects to hit the tennis courts around Louisville for years, has become one of three tennis players signed to grant-in-aids by Kentucky.

Coach Ballard Moore, a 1958 graduate of Western Kentucky College, in announcing Schumann's signing, said that the former Atherton High School athlete is an honor student, and has consistently ranked near the top the ranks of young players in Louisville.

The other athletes signed by Moore include Jack Trump of Connellsville, Penn., and Beb Pritchett of M. Callie High School in Chattanooga, Tenn.

COLLEGE POLLS SHOW BREATHITT FAR IN LEAD HERE'S WHY:

All political poils takes in Kentucky college for it in that students are basic; their choice for got in recorders, not campaign or tory. Briefly, Lere ere some of the reasons why they intend to vete overwhelmin_by for Ned Breathiit.

AGE: Ned Breathitt is 35 years old. Just a few years back he was a college man himself. He remembers the problems that face students when they graduate . . . problems of this generation, not another generation. He has the drive, the energy, and the insight to tackle these problems.

EXPERIENCE: Ned has served 3 terms in the State Legislature. He was a supporter of the Minimum Foundation Act that has been the biggest factor in giving Kentucky better schools. He also backed bills that provided \$40,000,000 for new college buildings and \$16,000,000 for the use of Kentneky's five state colleges.

TRUTHFULNESS: A man's age and expérience mean nothing if he cannot be trusted. In his entire career Ned Breathitt has never broken a promise to anyone. No hint of scandal, no rumor of using a state office for personal gain has ever touched his name. Ned Breathitt can be trusted to do what he promises. Check the record . . . as so many students already have.

VOTE FOR NED EREATINITY FOR GOVERNOR

Problems of housing, urban renewal, and integration came under particle rescuency During their three-day stay in Chicago, the students me with social verkers urban renewal planners, church leaders and mission directors. They totated stums and undversity campuse

But throughout the trip, the students studied how Chicago's solutions to its problems could be related to Lexington. After returning they mer with Judge Bart Pear, who presents over Payette County's juvenile and county courts, to discuss problems common to the two cities and how to meet them. Service projects now are being worked into pext year's YMCA program schedule.

The Chicago Seminar was an experimental project; a YMCA here had never undertaken an on-the-scene study of urban problems. Donald Leak, executive director of the Y, considers it "a complete success," and plans another seminar for next year.

Planning and arrangements were done by Richard Roof, a sophomore from Paducah. Other students who went were Charles Moore, Jim Congleton, Willis Bright, Bob Niles, Bob Fullenwinder, Charles Wyatt, John Norfleet, Tom Woodall, Gary Williamson, Walter Anderson, Lawrence Williams and Ben Lenhart.

Lane Says Congress Not Dead Continued from Page 1

feel opinionated enough to even attend the meetings.

"That the majority of members did not favor any of the "That the majority of members during free was a candidates and felt by showing up for the meeting they would have provided a quorum and the necessary two-thirds vote to have an

election.

"That various people had contacted the SC members and requested that they not attend the meetings. If this were true, then it would reflect again their desire not to have the spring election for whatever reasons they may have.
"In any event it seems certain that a majority of SC members

were opposed to a spring election, regardless of their views."

Lane feels that "many of the candidates who had to pay \$5 in

order that they might be elected, should now try to organize political

parties that stand on their conviction, and not monetary support." He chided members who did not ward to have a quorum questioned, "Which would be to the betterment of their condidate, and get many of them were very desirous to call a quorum when the issue of endorsing the letter of integrated restaurants was presented to SC by the Interfaith Council. It appears as if they feel they can question a quorum when it only benefits them."

Seekers of new worlds to conquer do well to dress the part. Most favorable tack is the old "soft-sell" via the muted shadings of an h.i.s. Sport Coat. Light as a leaf, these natural shoulder authentics are yours in washable Denims, Chambrays, Batiks, ad infinitum—at hip shops...\$14.95 to \$29.95
